

# LEGAL DOCUMENT AUTOMATION

*That Works for Legal Professionals*

THE BETTER APPROACH IN CREATING COMPLIANT LEGAL DOCUMENTS.

CHOSEN BY LEGAL TEAMS

# Counselurdocs

Welcome to the new standard for legal document generation. Our Law Society of Ontario-approved platform enables Canadian law firms, incubators, and institutions to produce professionally drafted, legally sound agreements in minutes.

**AUTHORIZED. COMPLIANT. RELIABLE.**

## Built for Law Firms

*Developed by a lawyer for lawyers.*

### Legal Document Types You Can Instantly Create

With our platform, you can professionally generate:

- ✓ Non-Disclosure Agreements (NDAs)
- ✓ Shareholder Agreements
- ✓ Employment Contracts
- ✓ Term Sheets
- ✓ other agreements in development

*Each contract is lawyer-approved, fully customizable, and up-to-date with current Canadian legal standards.*

Unlike generic templates or clumsy word processors, our platform is completely authorized by the Law Society of Ontario, assuring legal accuracy and compliance with every document created.

### Counselurdocs isn't just about speed — *it's about raising the bar.*

By combining legal precision with automation and built-in education, our platform empowers legal professionals to deliver better service, train junior talent, and reduce risk—all while staying fully compliant. Join the growing number of firms and institutions modernizing their legal operations with Counselurdocs.

### Counselurdocs isn't just another document automation tool.

It's a training platform that teaches critical legal thinking while generating enforceable contracts. Unlike generic templates, every interaction with Counselurdocs helps users understand the why behind the clauses — building real legal skills alongside real legal documents.

## Ready to See It In Action?

Counselurdocs provides clarity, efficiency, and confidence in your legal operations, whether you run a law office or manage a startup program.

**Book a demo today and experience the difference between automation and transformation.**
