

The only Canadian-owned title insurance provider

During these uncertain times, Canadians are being urged to buy Canadian products and services, and we want to remind the legal real estate community that TitlePLUS remains the only 100% wholly owned title insurer in the Canadian title insurance market.

What does that ultimately mean?

When you buy a TitlePLUS policy for your clients, you are not only supporting the Canadian economy, but you are buying a 100% wholly owned Canadian title insurance policy. Our products and services reflect the values and integrity that we as Canadians hold dear.

All of our offices, all of our decisions, all of our products and all of our revenue are Made In Canada, and stay within Canada.

And as a Canadian, that is something you can be proud to support.
