

# Virtual Verification (IDV) platform designed for Law Firms

Technology ranked #1 globally by NIST

Realaml is a **FINTRAC** and **Law Society** compliant virtual verification (IDV) platform that combines best-in-class biometric data verification with world-leading anti-fraud features.

## What is it?

An **identity verification and screening platform** for Canadian legal teams. Photo ID, biometric FaceMatch, global PEP screening, and enhanced Face IDV for real estate. Ensure your client is who they claim to be.

## Who is it for?

Law firms who need reliable, auditable identity evidence that meets Canadian AML and Law Society expectations.

**Integrations that sync with your matters.**

**No double entry. No manual uploads. No missed billing.**
