

The safest and most efficient way to grow your estate practice

Voted Canada's #1 wills and estates software for four consecutive years, eState Planner helps estate lawyers save time, reduce errors, and grow their practice.

Accurate client data and risk mitigation

Protect your practice with intake forms and legal alerts that notify you of potential issues in client files.

Draft wills 3 to 4 times faster

Draft wills in under an hour by reducing busy work and creating estate plans in just a few clicks.

Customize and generate wills, POAs, and more

Regularly reviewed and updated by lawyers, our precedents are fully customizable.

Deliver superior client experience

Help your clients understand the distribution of their assets with interactive and graphic summaries.

Used by over 450 firms across Canada
